Sir,

FERRIES: South Kanara district--Attebail ferry--extension of limit--proposals submitted.

The Attreball ferry in the Mangalore taluk of this district was notified as a public ferry in the Government Notification dated 10.1.1879 published in the Fort Saint George Gazette dated 21.1.1879. It is managed by the South Kanara District Board.

2.The District Board in its resolution dated 15.11.49 has resolved to extend the western limits of the ferry by 800 yards as described in the enclosed sketch. This has been done, as it was found that some private boatmen were plying their boats and conveying passengers at a point 800 yards west of the existing ferry limits, and evading ferry dues. Enquiry reveals that the proposed extension is necessary. I recommend that the western limits of the ferry may be extended by a distance of 800 yards as suggested by the District Board.

2.I am enclosing the revised draft Notification to be issued in super-session of the original Notification, with a sketch, for favour of publication. I also enclose a copy of the extract of the proceedings dated 15.1.1949 of the District Board meeting as also a copy of letter P.C.9513-C1-49 dated 13.2.50 of the President of the District Board.

Yours faithfully,

For Collector.

Sub: FERRY: Mangalore taluk- South Kanara district--Attrebail ferry-Mangalore taluk--South Kanara district--extension of limit.

**

The District Board in its resolution No.66 dated 15.11.49 (copy enclosed) has resolved to extend the limit of the Attrebail ferry as it is reported by the renter of the ferry that some private boatmen are plying their boats and convey passengers from one side of the river to the other at another point in the river at a distance of about 800 yards west of the public ferry.

2.The existing boundaries of Attrebail ferry is extended to 500 yards on either side of its bank but now it is proposed to extend the western limits of the ferry to 800 yards on either bank as decided by the Board.

3.A site sketch showing the existing position of Attrebail ferry with its limits and crossings and the limits of the proposed extension is enclosed for ready reference.

4.A notification under section 8 of the Canals and Public ferries Act 1890 describing the boundary of the proposed limits of Attrebail ferry is also enclosed.

5.The schedule showing the tolls to be levied at the ferry and other particulars required for the opening of new ferries have not been furnished as such particulars do not seem to be necessary as the proposal does not constitute the opening of a new ferry at the site in question.

I request that the Government may be pleased to approve the proposal of the District Board to extend the western limits of the ferry to 800 yards on either bank with effect from 1.4.50 and to issue necessary notification describing the western limits of the Attrebail ferry as per the details enclosed.

President, Dt. Board, S.Kanara.

66.Read Petition dated 22.2.49 of Sri K. Thimmappa, Renter, Attrebail, ferry for the lease year 1949-50, stating that some private boatmen are plying their boats conveying passengers at a shortest distance between the Northern side of Attrebail ferry crossing and Joycutta, and requesting that a ferry may be opened there and leased out to him.

Also report of enquiry dated 27.5.49 of the Licence Inspector, Mangalore, stating that at a distance of about 800 yards from Attrebail ferry crossing there is a place known as Suddagudde (Joycutta) that some private boatmen are plying their boats and convey passengers from one side of the river to the other at this crossing and evade ferry charges so much so that the existing Attrebail ferry is likely to be effected and that therefore the limits of the ferry may be extended.

Also endorsement N.Dis.6500/49 dated 9.7.49 and N.Dis.8137-49 dated 12.9.49 of the Tahsildar furnishing the sketches and draft Notification showing the existing and the proposed extensions of limits of Attrebail ferry and stating that there is no public or private ferry within the limits of the Attrebail ferry and as such there is no necessity of payment of any compensation by the Board.

RESOLUTION:
The District Board agrees to extend the ferry limit of the ferry proposed in the draft notification furnished by the Tahsildar. Necessary sanction of the Government may be obtained. The question of having 2 ferries with separate limits may be examined in consultation with the Divisional Engineer.
